

com.cinema_seat_booking.service.
SeatService.updateSeat

```
graph LR; A[com.cinema_seat_booking.service.  
SeatService.updateSeat] --> B[com.cinema_seat_booking.model.  
Seat.setRoom]; A --> C[com.cinema_seat_booking.model.  
Seat.setSeatNumber];
```

The diagram illustrates a dependency or call relationship. A central box on the left, representing a service method, has two arrows pointing to two separate boxes on the right, representing model methods. The arrows indicate that the service method depends on or calls both model methods.
